Dear Residents,

We would like to inform that we have noticed various lapses by the existing security agency. In the past one month the services have deteriorated and we have with immediate effect terminated their services.

We have appointed a new security agency – SECUROUR , who will be taking charge immediately from 30.03.2018. Required training and the Rules have been communicated and we request you to please bear with us till the transition and the operations is fully stabilised in the next couple of days.

REGARDS,
RCG
