Dear Residents,

Sub: "Get to Know – Event"

We take this opportunity to thank all the families who participated in the Event. We hope all of you including the children would have enjoyed the programme.

Please spare some time and share your feedback on our newly launched web site – www.rcgwa.com under the Home page Email us or Contact us option. Your suggestions on what went well and what could have been better will help in making the Event more successful in the future as and when conducted.

At the outset the get together is a grand success, however we would like to highlight the areas of improvement for the future celebrations –

1. The socialising did not start on time as per the Agenda as most of the residents came late. This resulted in dropping several programmes and activities due to time constraint.
2. Some of the residents who confirmed did not participate/present on the day of the event. The resource thereby could not be effectively utilised and got wasted as the planning and arrangement was based on the total confirmation.
3. We also look forward to the remaining residents who could not make it up this time to join hands to make it a gala event as & when the next event is organised.

In order to make the Event more successful in future Residents are requested to share their views as requested above and also to participate / present so that we can better utilise the resource and also make the Event more enjoyable.

Thanking you again,

REGARDS,
RCGMCG
